

# Community Housing Navigator

Here to help

1

Work closely with displaced residents to assess their housing needs and preferences, providing one-on-one support to each resident.

2

Develop tailored housing plans for each individual or family, taking into account their specific needs, circumstances, and available funding.

3

Coordinate with landlords, property managers, and housing providers to match residents with available housing opportunities.

4

Facilitate access to support services, such as financial assistance, mental health counseling, and employment support, as needed.

5

Regularly monitor residents' progress and any barriers to securing housing or accessing support services.

6

Provide ongoing support and advocacy for residents throughout the housing search and relocation process.
